

**Ryte HCM** Enterprise Human Resource Management is a comprehensive solution for managing your entire employee lifecycle. It is designed to automate many of the administrative tasks that now occupy your time, allowing you to focus on the strategic direction of your department and organization. The system is easy to maintain and can be integrated with all Enterprise Software Products to provide data consistency and accuracy across your enterprise.

## MODULES

- Payroll
- Personnel
- Time & Attendance
- Training
- Recruitment
- Appraisals
- Employee Self Service Portal

All of this is done through effective information management, reporting and analytics. Ryte HCM is an internally developed system by Almoayed Services (Amserve). This HR system can be integrated with any breed of applications. What ever the composition, this HR system keeps you informed on who is employed, what position they hold, benefit eligibility etc. Moreover, it also holds support analysis of long-term critical workforce including organizational information, individual skill competencies, performance evaluation and labor relations.
